

## QUALITY POLICY

Prioritizing compliance with customer satisfaction and conditions based on honest and principled understanding without compromising on quality,

Developing system-related goals and objectives, adhering to these goals, and constantly improving them

Ensuring the continuous improvement of itself, its technology, and systems by keeping its targets for the future in the AL facade and PVC edge bands sector,

Adhering to international and legal conditions,

Providing the necessary resources for system and company development,

By committing to its terms,

It has been accepted as policy by agreeing to its provisions.
